•MYP operates on a two week rotation schedule.

•Home learning: Students are encouraged to read on a regular basis in addition to the activities the teachers provide. ISNS encourages parents to inquire of their children regarding the skills they utilize on a daily basis.

•At ISNS, MYP hour is a vehicle that is utilized to up skill our students. Each week, students will be immersed in projects, academic skills and social-emotional well-being activities. This allotted time provides our students the skills they need to be successful students and lifelong learners.

•The Community Project in grade 9 and the Personal Project in grade 10 encourage students to practice and strengthen their approaches to learning skills, apply prior and subject-specific knowledge, and develop an area of personal interest.

•In Grade 9 the Community Project provides an opportunity for students to collaborate and address an authentic need within a community.

•In Grade 10 the Personal Project is a chance for students to produce a truly personal and creative product or outcome that demonstrates a consolidation of their learning in the MYP.
